Claiming CE credit for the Ohio Ambulatory Care Summit 2018
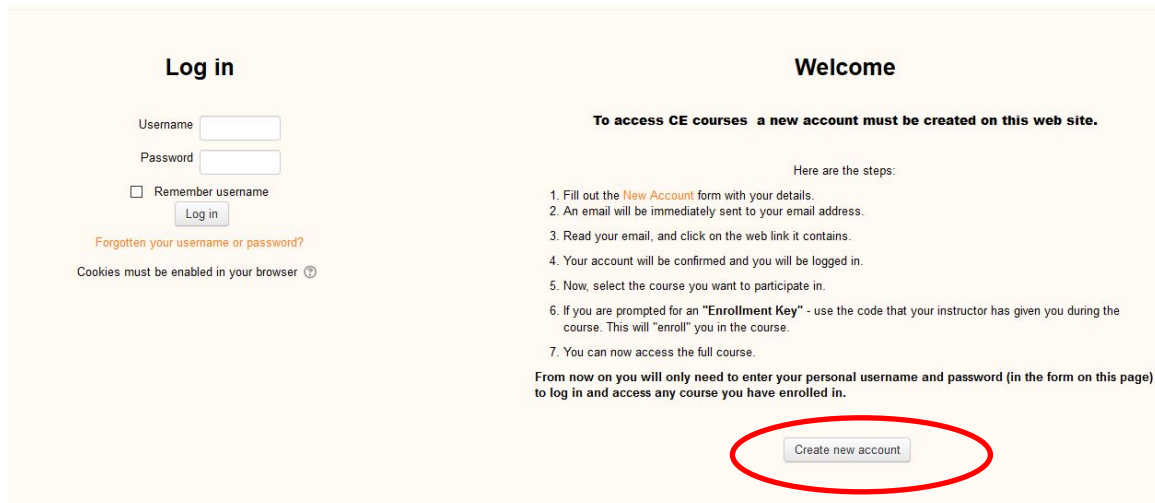

- The Internet Explorer browser may have technical issues with the CPE Evaluation site. We suggest using Mozilla Firefox or Google Chrome as the browser for the CPE Evaluations.
- Pharmacists and Technicians: Go to raabecollegeofpharmacy.org
    - **If you had an account last year, you will need to create a new one for this year**

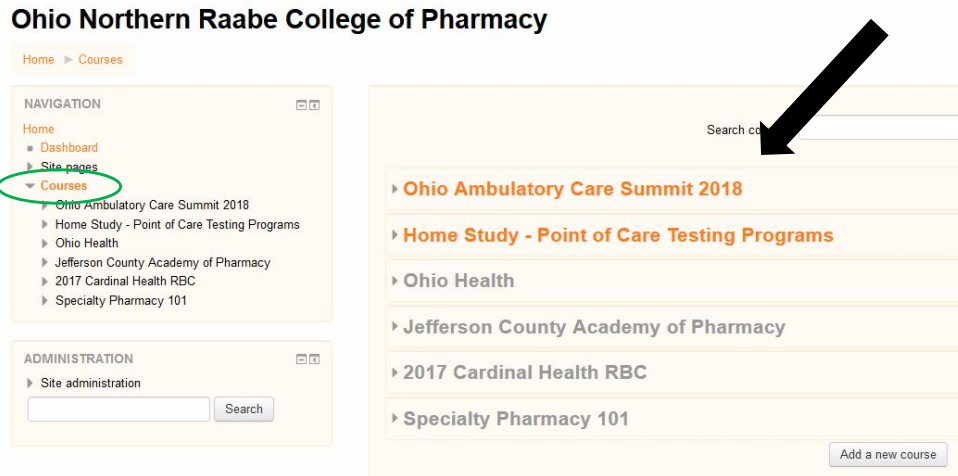

- Click "Log in" in the upper right hand corner of the screen
- Click "Create new account" for first time users or Log in if returning

- Fill out all the information including the Additional Pharmacist Information. Your CPE Monitor e-profile number should be a six digit number.
    - For the month and day of birth please enter it as MMDD. No spaces or dashes.
- You should receive an email with further directions to complete your registration.
    - You may need to check your Spam and Trash folders

- ○ **If you do not get an email**, please contact Chandra Dunbar at c-dunbar@onu.edu or Dustan Briley at d-briley@onu.edu and they will confirm it for you.
- Once you have confirmed your account, log back into raabecollegeofpharmacy.org
- It may take you to your dashboard which shows the courses you have enrolled in. If so, click the COURSES on the Left hand side, under Home. You can then Choose your Conferences Name

- **Click on the Title of the course you wish to attain credit for**

- Enter in the Enrollment key announced during the respective program, then click "Enroll me"
- On the next page Click on the appropriate evaluation

Pharmacogenomics: An Introduction to an Opportunity

- Sue Paul RPh- SyneRxgy Consulting

UAN: 0048-0000-18-239-L04-P   0.1 CEU

This knowledge-based activity is targeted for all pharmacists and is acceptable for 1 hours (0.1 CEU) of continuing education credit. (UAN: 0048-0000-18-239-L04-P) This course requires attendance at the entire program and completion of the program evaluation.

PHARMACIST LEARNING OBJECTIVES

1. Define general terms related to pharmacogenomics
2. Discuss ways that pharmacogenomics (PGx) and pharmacokinetics (PK) can improve prescribing and outcomes
3. Describe at least two resources that pharmacists might use to answer questions specific to PGx or PK
4. Interpret PGx and/or PK-focused drug information resources to assist with drug selection
5. Describe challenges and opportunities with PGx testing
6. Apply basic PGx information to example case studies

Directions:

Complete the Evaluation below to receive credit.

✚ ☑ Pharmacist Evaluation ✎

- Click "Attempt Quiz Now"
  - This is an evaluation of the course and not a quiz on the course.
- Once the survey has been filled out, click "Next" in the bottom left
- If you are satisfied with your answers, scroll down and click, "Submit all and finish"
- In the Upper left hand side in the Quiz Navigation box, click "Finish Review"

State	Finished
Completed on	Friday, August 24, 2018, 10:44 AM
Time taken	3 mins 27 secs
Feedback	**Thank you for your submission. Your credit will be uploaded to CPE Monitor after the site closes on September 14th.**

- **The evaluation site will close on September 14th, 2018. Please have all of your evaluation surveys completed by then in order to attain credit. No credit will be issued subsequent to the closure date of September 14th, 2018. THIS IS A MANDATE FROM ACPE AND WE CANNOT ACCEPT CREDIT SUBSEQUENT TO THE CLOSURE DATE.**

- **Once the site is closed all credit will be uploaded to CPE Monitor. Please allow until September 21st, 2018 for this to occur.**

- **Statements of credit are available through the CPE Monitor website once the credit has been uploaded. Again, please allow until September 21st, 2018 for credit to be uploaded and hence your certificates to be available for printing.**

- To get your Statement of Credit, go to: http://www.nabp.net/programs/cpe-monitor/cpe-monitor-service/ and click Log in to Your e-Profile to Access CPE Monitor
